

# Hot water throughout life

## Solar Water Heater

SAVE ON  
ELECTRICITY BILLS

**MNRE  
APPROVED**

### Features:

- Safe water for cooking purpose
- Evacuated tube with 3 layer(Cu-SS-AI -N/AI)
- World's most reliable welding technology
- High thermal efficiency
- Claim 80% depreciation
- Hot water in 2 hours

### Application:

- Home and other domestic application
- Flats and Apartments
- Hostel, Hospital and Hotel
- Milk Diaries & Textile Industries
- Boiler feed hot water
- Laundry application

Type	Non Pressurised		Pressurised
Capacity (LPD)	100 / 150 / 200 / 250	100 / 170 / 200 / 250	100 / 150 / 200
Usage	in Soft water areas (upto 150 ppm)	in hard water areas (150 ppm to 2000 ppm)	in soft water areas (upto 150 ppm)
Warranty	5 Years	5 Years	5 Years
Outer Tank	Stainless Steel	Stainless Steel	Stainless Steel
Inner Tank	Stainless Steel	Polymer	Stainless Steel
Reflector	Aluminium	Aluminium	Aluminium
Stand Parts	Aluminium	Aluminium	Aluminium

**Jumbo Series**

- Ideal for Hotel / Institutions / Hostel
- Inner tank HR Steel with epoxy coating
- Outer cladding stainless steel
- Capacity 500 LPD to 20k LPD

**Thermal Series**

- Ideal for Industrial application
- Pre heating boiler feed water
- 30 % to 40 % Fuel savings
- Capacity 500 LPD to 1 Lakh LPD

**Annual Savings on Electricity Bills ( Sample Chart)**

Electricity consumed for heating 100 liters of water in a 25 Lit. electric water heater	4.65* Elect. Unit/day (approx.)
4.65* x 300 (sunshine days)	1395 Elect. Unit
1395 x 6.5* (rate/unit)	9068 (approx.)

\*No. of units saved will depend on the usage. \*(approximate)
